LOCAL GOVERNMENT FINANCE

Central government allocation to Local Councils for financial year 2010 was of € 30,010,000. About another € 5.3 million were allocated under various grant schemes. The total direct financial allocation to Local Councils for the year under review, therefore, amounted more than 35.31 million.

Government also assists Councils through the secondment of government employees. There are 118 IPSL (former Dockyard) workers assigned to various Local Councils in Malta. There are another 27 ex-water services employees assigned with Local Councils (2 in Malta and 25 in Gozo). Some Local Councils also have employees from the Ministry for Resources and Rural Affairs. Since the salaries and wages of these workers are borne by central government, this deployment of workers scheme effectively means that Councils are making savings in wages.

The Department also provides assistance to the Local Councils Association (LCA) and to the Association of Local Council Executive Secretaries (ASKLM) as part of government's commitment to assist both associations. During 2010, the LCA was given an annual financial allocation of EUR 110,000 (which included an amount of € 17,125 to assist the Association in producing a television programme on Local Councils). The ASKLM was given an annual financial allocation of EUR 12,318, (€ 3,000 of which were as sponsorship towards a training course held in Brussels).

The table below illustrates central government's direct financial allocation to Local Councils since the setting up of Local Councils in 1994.

MONITORING OF LOCAL COUNCILS

The monitoring Unit continued scrutinizing the various functions of the Local Councils with particular emphasis on the financial aspect. In this respect specific attention was given to those Councils that registered a financial deficit in their working capital during the financial year

The findings of some serious irregularities by this Unit led to a thorough investigation by the Internal Audit Investigations Department with respect to a number of Councils. Members from this Unit were also asked to personally attend during Council meetings whenever it was deemed proper.

During 2010, the Monitoring Unit also investigated several allegations made against Councils and submitted relative reports. There were instances where cases were referred to the Police for further investigations whereas some cases were also referred to the Auditor General to refer to the Local Government Auditors to verify in their audit work.

In those cases where Councils were found to have made irregularities, they were asked to take corrective measures. In certain instances, deductions were effected from their financial allocation as punitive measures. During 2010, 17 Councils were penalised a total amount of € 12,909 for making payments not according to law or for not adhering to regulations.

HUMAN RESOURCES – MAJOR ACTIVITIES

PERSONAL DEVELOPMENT OF COUNCIL MEMBERS, EXECUTIVE SECRETARIES AND STAFF

As a result of one of the measures brought in force as part of the local government reform incumbent Executive Secretaries at Local Councils, unless they were Public Officers seconded to Local Councils were absorbed within the Public Service. TRAINING FOR LOCAL COUNCIL EXECUTIVE SECRETARIES

During the year under review the Department for Local Government in collaboration with Centre for Development, Research and Training (CDRT) organised a training course leading to a Certificate for the members forming the pool of Prospective Executive Secretaries.

An intensive training programme was organised for the participating youths that incorporated subjects such as the Youth Local Council Project, experiences of a Mayor, an Executive Secretary and a Councillor as well as the Local Councils Act. The latter was presented by the Assistant Director (Field Services) and this generated a lot of interest and discussion among the participating youths.

PUBLIC PRIVATE PARTENSHIP SCHEME

The initiative of the Public Private Partnership Scheme was to encourage Local Councils to undertake residential road works with private partners.

For this purpose, Specific Conditions for the invitations for Calls for Tender have been designed to enable Local Councils to carry out works in a number of their residential streets. The basic concept of this tender is that the Council enters into an agreement with a contractor in which the latter performs resurfacing work on a number of Council roads, which roads are to be identified in advance by the Council in the Call for Tender. This work must be performed within one year. Furthermore, the contractor undertakes to carry out maintenance on these roads for eight years.

The method of payment of this contract is as follows: after completing the work of resurfacing, the Council is required to pay 40% of the sum of the contract. After the first year of performance, the Council pays 20% of the amount of the contract and after the second year the Council pays 10% of the amount of the contract. Then for the coming years until the eighth year, the Council pays 5% per year.

As part of the special funds scheme of 2010 it was announced that there was a special fund to help those councils who were interested into this type of scheme. Therefore, those Local Councils that were interested had to identify a number of roads that were to be included in the Scheme. A list of these roads together with an estimate by an architect stating the amount to be paid for said contract had to be included.

Upon the approval of the Department, the Council could proceed by issuing a call for tender comprising the Specific Conditions. In this case, the Department committed itself to giving the Council half of the 40% due by the Council, in the first year, and half of the 20% in the second year.

In 2010, the Department received forty seven applications of which thirty seven applications were approved in full or in part.

LOCAL ENFORCEMENT

LOCAL ENFORCEMENT SYSTEM (LES)

All the 68 Local Councils in Malta and Gozo form part of the local enforcement system (LES). The DLG is responsible to oversee that the system works as flawlessly as possible. As part of its remit, the Department offers a customer care service with respect to LES issues. As part of the local government reform process, the LES system is also under review.

An online payment service of contraventions is also available on the following webpage <http://www.gov.mt/frame.asp?l=1&url=http://www.les.gov.mt>

BOARD OF PETITIONS

The Board of Petitions, whose Registry is manned by DLG officials, which was set up since January 2006 has, till the end of 2010 received 71,919 petitions. During 2010, a total of 18,106 petitions were received, that is an average of 348 petitions per week. At the end of 2010, the situation was the following: 10,658 (58.9 %) petitions were accepted, 552 (3 %) were partially accepted, 4,659 (25.7%) were refused, 7 abstained, 75 (0.4 %) were cancelled, 2,155 (12 %) undecided petitions.
